复古系列 Retro Series

这系列设计风格趋向于纳维亚设计风格。不同于现代流线型设计风格，柄部略有弧度，线条注重形式和变化的美感，几何形式被柔化，稍弯曲的刀身，给人以怀旧的情感。

Retro Series

This series is the Scandinavian design style. Different from modern stream-line design style, the handle is slightly curved and the line focuses on the sense of beauty of formalization and diversification. The geometric form is softened, and the slightly curved knife blade leaves people a reminiscent feeling.
